

Parques Reunidos is pleased to announce the appointment of Enrique Weickert Molina as new CFO of the Group starting on 26 October 2020.

Enrique has built a strong track-record of significant value creation as CFO in several listed companies. He started his professional career in 1996 at Arthur Andersen. On September 2005, he joined Fertiberia as CFO, where he stayed until he joined OHL on January 2010 as CFO. During the last two years, Enrique has been CFO of the Group DIA, food retail player listed in the Madrid Stock Exchange, with operations in different countries around the world.

Enrique has been exposed to different sectors throughout his career and he has led a modernisation effort across finance, with a strong focus on digitalisation and processes. He has been highly successful in realising ambitious transformation strategies.

Enrique will report to the CEO, Pascal Ferracci. We would like to welcome Enrique to the Parques Reunidos family.

He succeeds Isidoro Diez who has led the Finance area during the last 12 years. The company is very thankful for Isidoro's strong contribution to its development, and wishes him best success in the next phase of his professional career.
